### Statement on George Floyd Case

We, Asian American Democratic Club, a nationwide alliance of Asian Americans dedicated to social justice and cultural tolerance, hereby urge the Department of Justice to conduct a fair, transparent, prompt and thorough investigation of the recent George Floyd case. While we have grave concern for the ensuing violent riots in Minneapolis and other U.S. cities, we believe that timely action by the justice system to address the atrocity we see in the George Floyd case is the key to heal the wound this nation is suffering from.

Asian Americans will not forget the friendly help from the African American community when we faced racial injustice such as the 1982 Vincent Chin case. Now it is time for us to stand in solidarity with the African American community to support their long term effort to stop the systematic abuse of the police authority.

Respectfully,

Asian American Democratic Club
