# Who Are We

- Created in 2010 and founded as a 501(c)(3) non-profit in 2013.
- Part of a larger international movement for more fair and efficient legal systems.

# The Problem

- The legal system is inefficient
- Money leads to access to justice
- Hourly work incentivizes slow, expensive work
- Progress is too slow; incumbents are too strong
- Studying the justice system is too difficult
- Too many prosecutorial advantages

# Our Solutions

- Foster a competitive legal ecosystem
- Break down incumbent advantages
- Forge a purpose-driven marketplace for legal information
- Advocate politically for a fair justice system
- Get academics what they need
