RE: Additional Faculty Members Nationwide Call for End of “China Initiative”

Dear Mr. Garland,

On November 3, 2021, we sent you [a letter](#) co-signed by 841 faculty members, scholars, and administrators from 202 universities and educational institutions across all 50 states plus the District of Columbia and Puerto Rico, calling for you to terminate the “China Initiative.”

An additional 357 co-signers have joined the nationwide campaign since then, we are appending their names and institutions (for identification only) with this letter.

Furthermore, [420 University of Michigan faculty members](#), the [Faculty Senate of Southern Illinois University](#), and [192 Yale University faculty members](#) have sent their letters directly to your office, endorsing the letter initiated by [177 Stanford University faculty members](#) to you on September 8, 2021.

This brings the total to over 2,600 faculty members, scholars, and administrators from 230 institutions across all 50 states, the District of Columbia, and Puerto Rico. We are continuing the campaign until the “China Initiative” has ended. The current tally is reported online at <https://bit.ly/3wvrD8A>.

We also submit this information as addendum to [the letter](#) we sent you on November 23, 2021, requesting its inclusion as part of the ongoing review of the “China Initiative” being conducted by Assistant Attorney General Matt Olsen.

Yours Sincerely,

/s/ Steven Pei
