

September 6, 2022

The Honorable Joseph Biden
President of the United States
The White House
1600 Pennsylvania Ave, N.W.
Washington, DC 20500

Dear President Biden,

REQUEST TO WITHDRAW THE NOMINATION OF MR. CASEY ARROWOOD

We, the undersigned representing a broad coalition of the Asian American and Pacific Islander (AAPI), immigrant, scientific and academic, and other communities, write to request your withdrawal of the nomination of Mr. Casey Arrowood to be the next U.S. Attorney of the Eastern District of Tennessee.

Mr. Arrowood was the lead prosecutor of Professor Anming Hu,¹ the first academic to go to trial in the summer of 2021 under the now-defunct “China Initiative.” The initiative was launched in November 2018 and targeted scientists of Asian and particularly Chinese descent. Although the Department of Justice announced the end of the ill-conceived program in February 2022, its discriminatory and reckless prosecutions inflicted severe damage to the lives and careers of many innocent individuals including Professor Hu, an internationally-renown nanotechnology expert.²

The nomination of Mr. Arrowood is an affront to our communities. It opens a new wound when we still need to heal from the targeting and fallout before and during the “China Initiative.”

Court testimonies and documents³ show that Professor Hu was subject to a Federal Bureau of Investigations (FBI) investigation for almost two years. It was started by a Google search,⁴ not a criminal predicate. Professor Hu was fired by the University of Tennessee at Knoxville based on misleading and false information provided by the government.

⁴ Knox News (2021/06/13). Trial reveals federal agents falsely accused a UT professor born in China of spying. <https://bit.ly/3zimH8q>

When the allegation that Professor Hu spied for China could not be supported by facts and evidence, he was pressed to spy on China for the U.S. government. After Professor Hu refused, Mr. Arrowood mounted an unjust wire fraud case against him.⁵

The jury deadlocked, and a mistrial was declared.

On June 17, 2021, three members of the House Judiciary Committee, Reps. Ted Lieu, Mondaire Jones, and Pramila Jayapal, referred the case to the Inspector General at the Department of Justice for review out of concerns of alleged misconduct of the FBI in Professor Hu's case.⁶

According to a media report,⁷ a member of the all-white jury entered the 2021 trial assuming that the government handled the case with honesty and integrity. At the end of the mistrial, she concluded publicly that it was "the most ridiculous case" and "if this is who is protecting America, we've got problems."

Mr. Arrowood's wrongful prosecution of Professor Hu betrayed the public trust and confidence we all place in our judicial system.

Instead of reviewing his weak case and acting in the interests of justice, Mr. Arrowood pursued a retrial of Professor Hu.

In the order to acquit Professor Hu of all charges in the indictment, Judge Thomas Varlan ruled that the government's evidence, even if given in the light most favorable to the government, would be clearly insufficient for a rational jury to convict Professor Hu of the crimes alleged."⁸

Mr. Arrowood demonstrated his poor judgment, wasted valuable taxpayers' dollars, failed to uphold justice and fairness, and eroded public trust. His unjust prosecution of Professor Hu, not once but twice, is deplorable and an embarrassment to our nation.

In summary, Mr. Arrowood's track record does not meet the high requirements and expectations for a U.S. Attorney.

On August 19, 2022, Professor Hu and his family wrote⁹ to you requesting the rescission of the nomination of Mr. Arrowood. They cited four explanations for their objection:

⁹ Letter by Professor Anming Hu and his family to President Joe Biden calling for the rescission of the nomination of Mr. Arrowood (2022/08/19). <https://bit.ly/3wizTum>

1. As the leading prosecutor, Mr. Arrowood should have stopped this wrongful investigation and never brought this case forward for prosecution.
2. As an Assistant U.S. Attorney, Mr. Arrowood himself did not understand the law that he was prosecuting.
3. This wrongful prosecution created a strong chilling effect among the Chinese American community. Its harmful impact on American competitiveness and scientists with Asian heritage has already been reported by several recent climate surveys including one conducted by the Asian American Scholar Forum.
4. This nomination has harmed the reputation of the U.S. government.

Professor Hu and his family followed with a letter to the Senate Judiciary Committee on August 31, 2022.¹⁰

We strongly support Professor Hu's request for the withdrawal of the nomination of Mr. Casey Arrowood to be the next U.S. Attorney for the Eastern District of Tennessee.

Yours Sincerely,
